PERFORMANCE WITH STYLE

The ultra-tight cut and high breathability make it the ideal garment for competition. The modern V-shape design wraps the neck and maintains its original function and back construction. Designed with a new, more elastic front panel and with an even more refined fit.

V-Shape avoids that annoying feeling of pressure in the neck. Wraps without constriction for an optimal feel.

PERFORMANCE WITH STYLE

Highly breathable and extremely flat, it firmly adapts to the anatomy of the body and the circumstances of the most demanding tour, thanks to its unique double-layer construction that follows the cyclist's movements at all times.
